That's a Wrap: National Rebuilding Day!

On Saturday, April 29th over 100 energetic volunteers joined Rebuilding Together NYC to perform much needed repairs and renovations at Project Hope Charities, Allen Community Senior Center, and the homes of 5 low-income homeowners in Jamaica, Queens. RT NYC is overwhelmingly grateful to the commitment and enthusiasm showed by our volunteers and community partners. A huge thanks to [NYS Homes and Community Renewal](#), [The Home Depot Foundation](#), [Shawmut Design & Construction](#), Wilson Sonsini Goodrich & Rosati, Sandow, and Gilbane Building Company for sponsoring the event—we could not have done it without you!

Project Spotlight: Basement Repairs, Removal of Allergens, and Wheelchair Ramp Installation

For the past few weeks, Rebuilding Together NYC has been working diligently to help repair Ida W.'s home in Jamaica Queens.

A few months ago, Ida suffered from a stroke, but with the support and love of her family has been doing much better. Rebuilding Together NYC has extended a helping hand in order to repair an unfinished basement which was filled with dust and making the homeowner's granddaughter Akima have allergic reactions. In addition to these critical repairs, Rebuilding Together NYC will also be installing a ramp from the back of her home so that Ida can exit and enter her home freely and without assistance.
